ACKNOWLEDGEMENT

The satisfaction and euphoria of the successful completion of any task would be incomplete without the mention of the people who made possible, whose content guidance and encouragement crowned our effort with success.

We have been fortunate enough to be able to secure co-operation, guidance and assistance from a number of people. We are at loss of how to express the sense of gratitude that we have towards all of them. We are greatly indebted to our Principal **Prof. SHAFEEK ALATHUR** who has given the permission for the fulfillment of this venture.

We would like to express our gratitude to **Mr. THAHSEN M** head of the Department of Computer Science, for his valuable support throughout this project and for being the beacon to lead us in the right path throughout our careers. We would like to express our gratitude to **Mrs.Amina** lecturer,

Department

of Computer Science, for her valuable support throughout this project and for being the beacon to lead us in the right path throughout our careers in college.

We would like to express our sincere thanks to god almighty for the constant love and grace that he has bestowed upon us finally, we thank our parents, family members, and our beloved friends for their moral support and encouragement without which we would not have been able to follow our dreams.
